# Discover Your Magic of Cooking...

## About Us

Wildan Industries, based in Mumbai, India, has been manufacturing high-quality mixer grinders, portable hand blenders, motors and etc kitchen and home appliances since 2015. Founded by Safik Ahmed Dayala, the company focuses on innovation, durability, and efficiency. With advanced manufacturing and strict quality control, it meets both domestic and international standards. Wildan Industries serves a growing global customer base, delivering reliable and high-performance kitchen solutions.

## Our Esteemed Prospect Customers & Services Offered

### OEM and SKD Support:

For OEMs requiring kitchen appliances such as mixer grinders, hand blenders, etc Wildan Industries offers expert advice on product design, customization options, and manufacturing. We also provide installation assistance to ensure seamless integration into your product range.

### Distributors:

We welcome distributors interested in long-term business partnerships, offering mutual benefits through continued collaboration and growth.

### End Users:

Wildan Industries designs, manufactures, and supplies kitchen appliances tailored to meet specific customer needs. We also provide fast and reliable after-sales support to ensure the best performance and satisfaction.
